TECHNICAL SKILLS

Frontend Engineering	JavaScript • TypeScript • React • Next.js • Vue.js • Dard • Swiftt • Redux Toolkit • HTML5 CSS / SCSS • Material UI (MUI) • AG Grid • Fluent UI • Vuetify • Quasar Framework • Vite
Frontend Architecture	Component Architecture • State Management • Design • Systems Responsive Design • Accessibility Performance Optimisation • Cross-browser Development • REST APIs • Server-Sent Events (SSE) WebSocket • Real-time Applications • OAuth 2.0 / OpenID Connect (OIDC) • Keycloak
Development, QA, & Delivery	Jest • Vitest • Unit Testing • Integration Testing • Code Review • ESLint • Git (GitHub, GitLab) • CI/CD GitHub Actions • npm • Docker • Browser DevTools • WebStorm • VS Code • Android Studio • Xcode
AI-Assisted Engineering	GitHub Copilot • Claude Code • ChatGPT / OpenAI Codex • Ollama Local LLM Workflows • AI-assisted Refactoring and Code Review
UI / UX & Visual Design	UI / UX Design • Interface Design • Visual Hierarchy • Interaction Design • Prototyping • Adobe XD Adobe Photoshop • Adobe Illustrator • Figma • Affinity

Additional Development	Python • PHP • Java • C++ • Flutter • Swift • Swift UI • SharePoint • SPFx
Machine Learning & Data	PyTorch • TensorFlow • Apache Spark • Hadoop
3D & Spatial Design	Autodesk Maya • Blender • ZBrush • AutoCAD • Adobe Dimension
Multimedia	Adobe Premiere Pro • Adobe After Effects • Adobe Audition • Pro Tracks Plus • Steinberg Cubase
Operating Systems	Windows • macOS

ACADEMICS

Education

2023 - present	**Online Courses** Certificates in Vue JS 2 / React / Next.js / Remix.js / Flutter & Dart
2021 – 2025	**MCs Data Science and Engineering** Cyprus University of Technology
2013 – 2017	**BSc in Computer Engineering & Informatics** Cyprus University of Technology
2008 - 2012	**Self tutoring, 3D, Graphics Design and Animation**
2005 - 2007	**BSc in Electrical and Computer Engineering** Aristotle University of Thessaloniki (partial studies)
2001 – 2004	**Agios Ioannis High School, Limassol, CY** Technological Field (19.4/20)

Seminars

2018	**"Growth Hacking"** Panis Pieri, Growth Hacker & Digital Marketing Expert (20+ years experience)
2017	**"UX Research at Google"** Katie Tzanidou, User Experience (UX) Research Manager at Google UK

Languages

English	Fluent
Greek	Native
Russian & German	Basic

CERTIFICATES & AWARDS

2025	AI Agents & Workflows - The Practical Guide Udemy - Maximilian Schwarzmüller
2025	Local LLMs via Ollama & LM Studio - The Practical Guide Udemy - Maximilian Schwarzmüller
2024	Cyprus Seeds for the Future Scholarship 2024 Huawei Technologies (Cyprus) Co. Ltd - Awarded in recognition of outstanding potential, dedication, and commitment to excellence
2023	Flutter & Dart - The Complete Guide Udemy - Maximilian Schwarzmüller
2023	Remix.js - The Practical Guide Udemy - Maximilian Schwarzmüller
2022	AI-900T00 - Microsoft Azure AI Fundamentals Microsoft official course

2022 — Azure Data Fundamentals
Microsoft Certified

2020 — Vue JS 2 - The Complete Guide (incl. Vue Router & Vuex)
Udemy - Maximilian Schwarzmüllerv

2020 — React - The Complete Guide (incl Hooks, React Router, Redux)
Udemy - Maximilian Schwarzmüllerv

2020 — Next.js & React - The Complete Guide (incl. Two Paths!)
Udemy - Maximilian Schwarzmüller

PROJECTS

2026 – Present — **Familiar JS**
Published npm package
Open-source JavaScript package for configurable AI assistant experiences, covering package/API design, RAG integration, product design and developer-facing UX

2026 – Present — **Interactive Online CV & Portfolio**
Personal Project
Web application with React + Vite + TypeScript Supabase GitHub Pages hosting, GitHub Actions CI/CD, responsive theming, optimized media content, and "Clip" — a RAG-powered AI assistant using embeddings, semantic vector search and pgvector-backed retrieval

2017 - 2021 — **Cyber Range training platform**
CyberRanges
Cyber security training platform used for National competitions in the Middle East and Africa

2021 — **COVID-19 Protective Face Shield Initiative — Cyprus**
3D-printing face shields initiative during the initial COVID-19 outbreak in Cyprus, which later expanded to more than 70 contributors producing protective face shields for hospitals, clinics and medical professionals.

2020 — **InterPrice**
interprice.io
Web3 fintech platform POC developed for selected affiliates cryptocurrency wallet integration, peer-to-peer asset transfers, crypto-denominated lending, and digital currency payments

2017 — **Research Projects and Payments Management System**
Cyprus University of Technology (CUT)
Web-based application for payments and research projects management.

2016 — **Pathfinder — Digital Art & Audiovisual Production**
Skitali / nowwhat
Original audiovisual artwork created for Skitali, a collaborative video-art project and digital archive supported by the Cyprus Ministry of Education and Culture

2016 — **3D Modelling & Digitalization of Cultural Heritage content**
APSIDA
3D Models of Cultural Heritage content of Cyprus aggregated into Europeana

2015 — **Complete Management System - Fasouri Watermania Waterpark**
Fasouri Watermania Waterpark
Staff management - Stock Control - Machinery - Maintenance Management (Mobile First - Employees Tablets)
